

Serhii Kramar

Senior Frontend Developer | Odesa | serhii.kramar.ui@example.com | +380 63 144 72 66

Professional Summary

Senior frontend engineer experienced in SaaS, e-commerce, and analytics products. Combines technical leadership with deep understanding of interface behavior, accessibility, and maintainable code standards.

Core Skills

React, TypeScript, Next.js, TanStack Query, Testing, Web Performance, Accessibility, Technical Leadership, Product Collaboration, Microfrontend Basics

Professional Experience

Senior Frontend Developer - Quantix Labs | 2022-2026

Led frontend streams for analytics and CRM modules, aligned implementation with product goals, and reduced UI regression through stronger component patterns.

Middle Frontend Developer - EastCode | 2019-2022

Built dashboards, account areas, and user settings pages for web products with active growth.

Frontend Developer - Bright Pixel | 2017-2019

Implemented landing pages and admin panels, improved code structure, and supported iterative UI development.

Selected Projects

- Marketing platform with multi-step campaign builder and metrics dashboard.
- Recruiter workspace with candidate review screen, score explanations, and timeline activity feed.
- Client portal with secure document exchange and real-time notifications.

Education

Master in Computer Science, 2012-2018

Languages

Ukrainian - native, English - Advanced, German - Basic
